To the Director

The authors of the article Primary Percutaneous Coronary Intervention in Acute Myocardial Infarction: Long-Term Predictors of Adverse Events, published in Volume 82, Issue 5 (Rev Argent Cardiol 2014;82:381-8), have noticed that the quote #28 is incorrect, since the results of the RAdAC registry have been published in the Argentine Journal of Interventional Cardiology 2012;3:28-36.
