

Mario Rafael Fortunato, MD (1939- 2020)

It is with great sadness that we say goodbye to our colleague and cardiologist Mario Rafael Fortunato. Dr. Fortunato participated in our meetings until his final days.

His professional profile was closely linked to teaching, as he was in charge of the Hospital Teaching Unit at Hospital Pirovano, and he was Professor of Internal Medicine in the Teaching Unit of Hospital Municipal Bernardo Houssay, in Vicente López. The University of Buenos Aires appointed him as Consultant Assistant Professor, and he was currently directing the Biannual Advanced Course in Cardiology, held in the IV District, Province of Buenos Aires. He left us his enthusiasm for professional exchange, his knowledge, cordiality, humility, and kindheartedness in treating people. We also extend our condolences to his wife, Susana Beatriz, his two children, Leonardo Rafael and Verónica Beatriz, as well as his seven grandchildren, and his friends. His cherished presence will remain alive in every meeting organized by the SAC North Suburban District.

He was the Founding President of the North Suburban District of the Province of Buenos Aires, a district that is celebrating its twenty-fifth anniversary this year.

Francisco Pastore, MD

On behalf of the
Board of Directors
SAC North Suburban District
