

Index of Contents

(CORRESPONDING TO ISSUES 1, 2, 3, 4, 5 AND 6)

EDITORIALS

- 2021 Dr. Pedro Cossio Foundation Award, **1**
- The importance of registries for our patients, **8**
- Warm and Strained Heart: the new Normal in the Stress Echo lab, **87**
- Optimal Antithrombotic Strategy in NSTEMACS: Is Age Just a Number?, **89**
- From Guidelines to Real World: Knowledge as a Solution to Implement the Evidence, **163**
- Bilateral internal thoracic artery grafts in left main coronary artery disease, **165**
- Physical Exercise, an Inexcusable Part of the Treatment of Patients with Pulmonary Hypertension, **235**
- Argentine National Registry of Magnetic Cardiac Resonance (RENAREC). A Valuable Initiative, Unique in Latin America, **238**
- The Importance of Volumetric Stress Echocardiography: the Contractile Reserve in the Stress Echo Lab, **319**
- Cardiovascular Risk Factors, Violence and inequities Affect Us All, **321**
- The image is not the disease!, **379**
- COVID-19 and the Heart: How much we still have to learn!, **381**

ORIGINAL ARTICLES

- Contribution of Longitudinal and Circumferential Shortening to Stroke Volume and Ejection Fraction in Severe Aortic Stenosis, **8**
- Chronic Heart Failure in Argentina. OFFICE IC AR, a joint registry of the - Argentine Society of Cardiology and the Argentine Federation of Cardiology, **14**
- Immediate and Mid-term Outcomes of Blalock-Taussig Shunt versus Right Ventricular Outflow Tract Stenting in Symptomatic Neonates with Tetralogy of Fallot, **23**
- Cardiac Resynchronization Therapy. Incidence and Mechanisms Involved in the Reduction of Functional Mitral Regurgitation, **29**
- Cardioprotective Effects of Chronic Release Formulations of Subcutaneous Implants of Carvedilol in Spontaneously Hypertensive Rats, **34**
- Nocturnal Hypertension and Cardiovascular Events at a Buenos Aires City Hospital, **40**
- Heart Transplantation in Chagas Cardiomyopathy: 23-Year Follow-Up in a Referral Center, **46**
- Pathophysiology and Prognosis of Apical Longitudinal Strain During Dipyridamole Stress Echocardiography, **92**
- Antiplatelet Therapy in Non-ST-Segment Elevation Acute Coronary Syndromes in Elderly Patients. POPular AGE Hypothesis, **99**
- High Self-expandable Valve Implantation with the Cusp-Overlap Technique, a Strategy to Reduce the Need for Pacer-maker in Transcatheter Aortic Valve Implantation. 30-day Outcome, **106**
- General Characteristics and Outcome of Patients with Acute Myocardial Infarction in Argentina According to Body Mass Index. (ARGEN-IAM-ST Registry), **113**

- Anatomical Investigation of the Cardiac Apex, **118**
- Results of a Prospective Registry of Patients with Hypertensive Disorders of Pregnancy in a Center of the City of Buenos Aires, **124**
- Detection of Fibrosis in Cine Magnetic Resonance Images Using Artificial Intelligence Techniques, **130**
- Evaluation of the Orbit Bleeding Risk Score as Predictor of Major Bleeding in Patients with Acute Coronary, **167**
- Off-Pump Coronary Artery Bypass Graft Surgery with Bilateral Internal Mammary Arteries in Left Main Coronary Artery Disease. Is There Any Benefit in 10-Year Mortality?, **173**
- Long-term Outcomes of Coronary Artery Bypass Surgery According to the Presence or Absence of Left Main Coronary Artery Disease, **179**
- INOCA: Non-Invasive Assessment of the Pathophysiological Mechanisms Using CZT-SPECT, **185**
- Attitudes and Clinical Practice in Heart Failure Among Physicians in Argentina, **193**
- Argentine National Cardiac Magnetic Resonance Imaging Registry (RENAREC), **240**
- Clinical, Diagnostic and Prognostic Characterization of Patients with Suspected Pulmonary Embolism Before and During COVID-19, **246**
- Cardiorespiratory Rehabilitation in Pulmonary Hypertension: Experience in a Reference Center, **253**
- Reference values for T1 mapping in healthy adults at 3.0T. Relation to age and sex. Comparison with different populations, **261**
- Reperfusion Times in a Telemedicine-guided Program for the Management of ST-segment Elevation Myocardial Infarction in the Province of La Pampa, **268**
- Cardiovascular Involvement in Patients Recovered from COVID-19: Reality or Fantasy?, **274**
- Labor Equity, Gender Violence and Cardiovascular Risk Factors in Cardiology Specialists, **323**
- Contractile Reserve by Left Ventricular Ejection Fraction Alone, or Considering Elastance. ¿Which is the Best Predictor of Events After a Stress Echo without Ischemia?, **329**
- Role of Conduit Volume as Compensating Mechanism for Left Atrial Dysfunction in Severe Aortic Stenosis, **383**
- Hybrid positron emission tomography and magnetic resonance imaging in cardiac sarcoidosis diagnosis: a pilot experience, **392**
- Patterns of myocardial injury in patients recovered from COVID-19: findings on cardiac magnetic resonance imaging studies and their prognosis, **398**
- Cardiac Injury after COVID-19 and its Association with the Severity of the Acute Presentation, Persistent Symptoms and Vaccination, **406**
- Contractile and chronotropic reserve assessment in stress echocardiography studies negative for myocardial ischemia, **413**
- Non-compacted myocardium: Should it not be considered a disease? Critical thinking on 140 patients with non-compacted myocardium evaluated by cardiovascular magnetic

resonance, [420](#)

- OBELISCO-SAC Registry Observations from Clinics, Institutions and Cardio-Oncology services SAC, [427](#)

BRIEF ARTICLES

- Infective Endocarditis after Transcatheter Aortic Valve Implantation, [52](#)
- Effect of order of multiple-choice questions on the results of cardiology exams, [141](#)
- Early Hospital Discharge (Within Six Hours) for Patients Undergoing Coronary Angioplasty, [206](#)
- Non-ST-Segment Elevation Acute Coronary Syndrome (NSTEMI-ACS) Patient Characteristics Admitted to the Coronary Care Unit of Hospital Provincial Neuquén, [210](#)
- Present Use of Aspirin as an Antithrombotic Agent: Current or Outdated Drug?, [280](#)
- Epicardial Adipose Tissue as Predictor of Coronary Artery Disease. A New Parameter to Stratify Cardiovascular Risk?, [290](#)
- Follow-up of Specialist in Cardiology Graduates at University of Buenos Aires. Cosme Argerich Hospital Experience, [336](#)
- Usefulness of Cardiac Magnetic Resonance Imaging in Patients with Neuromuscular Dystrophies (Duchenne/Becker Muscular Dystrophy), [341](#)
- Heritable Malignant Mitral Valve Prolapse, [427](#)

IMAGES IN CARDIOLOGY

- Rib Notching in Coarctation of the Aorta (Roesler's Sign), [298](#)
- From the transducer to the scalpel: Anatomic correlation between echocardiographic images and surgery findings in native and prosthetic mitral pathology, [448](#)
- Left ventricular aneurysm vs. pseudoaneurysm: To Be, or Not to Be, That Is the Question, [454](#)

REVIEW ARTICLES

- Atrial Fibrillation in Athletes: Is Adaptability a Synonym of Risk?, [57](#)
- The Kidney in Heart Transplantation, Tale of a Journey, [139](#)
- High Lipoprotein(a) Levels and Risk of Aortic Valve Stenosis Related Clinical Events: A Systematic Review, [215](#)
- Present Use of Aspirin as an Antithrombotic Agent: Current or Outdated Drug?, [280](#)
- Epicardial Adipose Tissue as Predictor of Coronary Artery Disease. A New Parameter to Stratify Cardiovascular Risk?, [290](#)
- Arrhythmogenic Cardiomyopathy. Genes and Desmosomal Proteins, [351](#)
- Use of Benzodiazepines in Hypertension Treatment, [355](#)
- Mitral Annulus Disjunction: Current Status, [440](#)

OPINION ARTICLE

- The Doctor of the Future, [345](#)
- The helical heart and its implication in the consequent spatial anatomical arrangement of its chambers, [444](#)

SCIENTIFIC LETTERS

- Mitral valve pseudoaneurysm secondary to infective endocarditis due to Escherichia Coli ESBL, [64](#)
- Cardiac arrest due to electromechanical dissociation in patients treated with bortezomib. Two recent clinical cases at Basurto University Hospital, [65](#)
- Therapeutic challenges of long-term paced congenital AV block, [67](#)
- Femoral Mycotic Pseudoaneurysm Rupture by Salmonella, [69](#)
- Ablation for Managing Symptomatic Bradycardia. First Ex-

perience in Argentina, [146](#)

- Acute Liver Failure due to Intravenous Amiodarone, a Rare but Potentially Fatal Complication, [148](#)
- Pharmacomechanical Treatment of Deep Venous Thrombosis in an Anatomical Variant of the May-Thurner Syndrome, [149](#)
- Carcinoid Heart Disease, [151](#)
- Digital Ischemic Necrosis of the Upper Limb Due to Thoracic Outlet Syndrome, [224](#)
- Management of a Premature Infant (1460 g) with Ductal-Dependent Tetralogy of Fallot, [225](#)
- Dasatinib Induced Pulmonary Arterial Hypertension in a Patient from the Peruvian Andes at 3660 m, [228](#)
- Surgical results in the rehabilitation of Continuous hypoplastic pulmonary branches in patients younger than 6 months. Experience of a center, [230](#)
- Aneurysm of the Brachiocephalic Trunk. A Rare Entity [232](#)
- Aortico-Left Ventricular Tunnel, [300](#)
- Intracranial Hemorrhage and Symptomatic Coronary Artery Disease as a Form of Presentation of Moyamoya Disease in Adult Patients, [301](#)
- Unilateral Absence of the Left Pulmonary Artery in a Patient with Acute Pulmonary Embolism, [362](#)
- Papillary Fibroelastoma: A Benign Tumor with Potentially Devastating Consequences, [363](#)
- Coronary Subclavian Steal Syndrome: A Not-So-Rare Cause of Acute Coronary Syndrome, [365](#)
- Repair of Coarctation of the Aorta in Preterm Infant Weighing 1180 g, [458](#)
- Molecular Autopsy in a Girl with Sudden Cardiac Death. Practical Approach of Family Members Survivors, [458](#)
- 3D Transesophageal Echocardiography for Surgical Repair of the Aortic Valve in a Patient with Libman-Sacks Endocarditis and Antiphospholipid Syndrome, [460](#)
- Effusive-Constrictive Pericarditis and Pericardial Decompression Syndrome: A Multiple-Image Approach, [461](#)
- 2D and 3D Echocardiographic Assessment of a Coronary Artery with a Retroaortic Course, [463](#)
- The Most Feared Consequence of Exercise-Stress Echocardiography. A Case Report, [464](#)

HISTORICAL ANALYSIS ON THE EVOLUTION OF MEDICAL IDEAS

- Inspiration in medical art, [63](#)
- Padua and blood circulation, [145](#)
- The Rejection of Harvey's Discovery, [222](#)
- Ibn an-Nafis. The Minor Circulation, [296](#)
- Michael Servetus. Pulmonary Circulation at the Stake, [360](#)
- Leonardo Da Vinci. Investigations on the Heart, [457](#)

LETTERS TO THE EDITOR

- Mnemonic to Avoid Being late in Advanced Heart Failure: REMEMBER ME, [305](#)

IN MEMORIAM

- Dr. Adolfo José de Bold, [71](#)
- Roberto Boughen, [74](#)
- Farewell to Herman Schargrodsky, [75](#)
- Requiem for María Cristina Zurrú, [76](#)

OUTSTANDING PUBLICATIONS.

Clinical Cardiologist Viewpoint, [77](#), [154](#), [307](#), [369](#)

OUTSTANDING PUBLICATIONS IN BASIC SCIENCES

- Brain Plasticity and Behavioral and Cognitive Changes in Heart Failure, [85](#)
- Gender Differences in the Response to Exercise in Heart Failure Associated with Metabolic Syndrome, [161](#)
- Matrix Metalloproteinases as Potential Targets to Treat Vascular Ageing, [317](#)

SAC PRESIDENT'S LETTER

- On-site Attendance: The New Challenge. The SAC Opens its Doors, **86**
- Growing up in modernity, **162**
- Continuing Medical Education as Mainstay for Development, **234**
- The SAC and the Argentine Congress of Cardiology in the World, **318**
- SAC Moves Forward to the Face-to-Face Mode, **378**
- Closing Speech of the 2022 SAC Academic Ceremony, **467**
